1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer and live in Tega Cay 8 years. We have seen an increase in our water bill but now it is getting really to be too much. We are Customers of this Company and pay our dues every month. I think at this point we are really paying the highest in York County. Another rate increase???

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Our water is about to get more expensive and they are telling us that by the end of the year it will cost of 40+% percent more? Are you serious? We have been living in Tega Cay now for 8 years and our "Quality" of water has always been a question. We have had our rates increase many time and two years ago, at the end of the year , we have to pay now a "one time fee" for the storm drainage of \$90.00. This is just happening at the same time we have to pay for our Property Taxes, just right after Christmas, just to make you a bit more miserable. I have put filters in our showers and drink water from the refrigerator filter system because our water is dirty. (I STILL BUY BOTTLE WATER). And we shouldn't! Our toilets get a ring every third-fourth date if it is not clean constantly. I have to use "hot" when I wash my cloth, because I have an issue with the quality of water and now they want to increase our rates even more. My husband's salary has not increase and if you look around, I am very sure many families have an issue right now of "losing their jobs", or " a paycheck to paycheck" scenario. Please, keep the rate the same and give us a break!!! We have a lot of senior citizens in Tega Cay and are you really going to increase their rates when they are only living on Social Security benefits? Please help us and keep the rates the same. And while you are at it, make our water better quality water for all citizens of Tega Cay.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *

If you wish to call me up, I have no problem. I have said all that I have said, but If you need me to say something on behalf of Tega Cay citizens, I will!
